**FIG. 3**

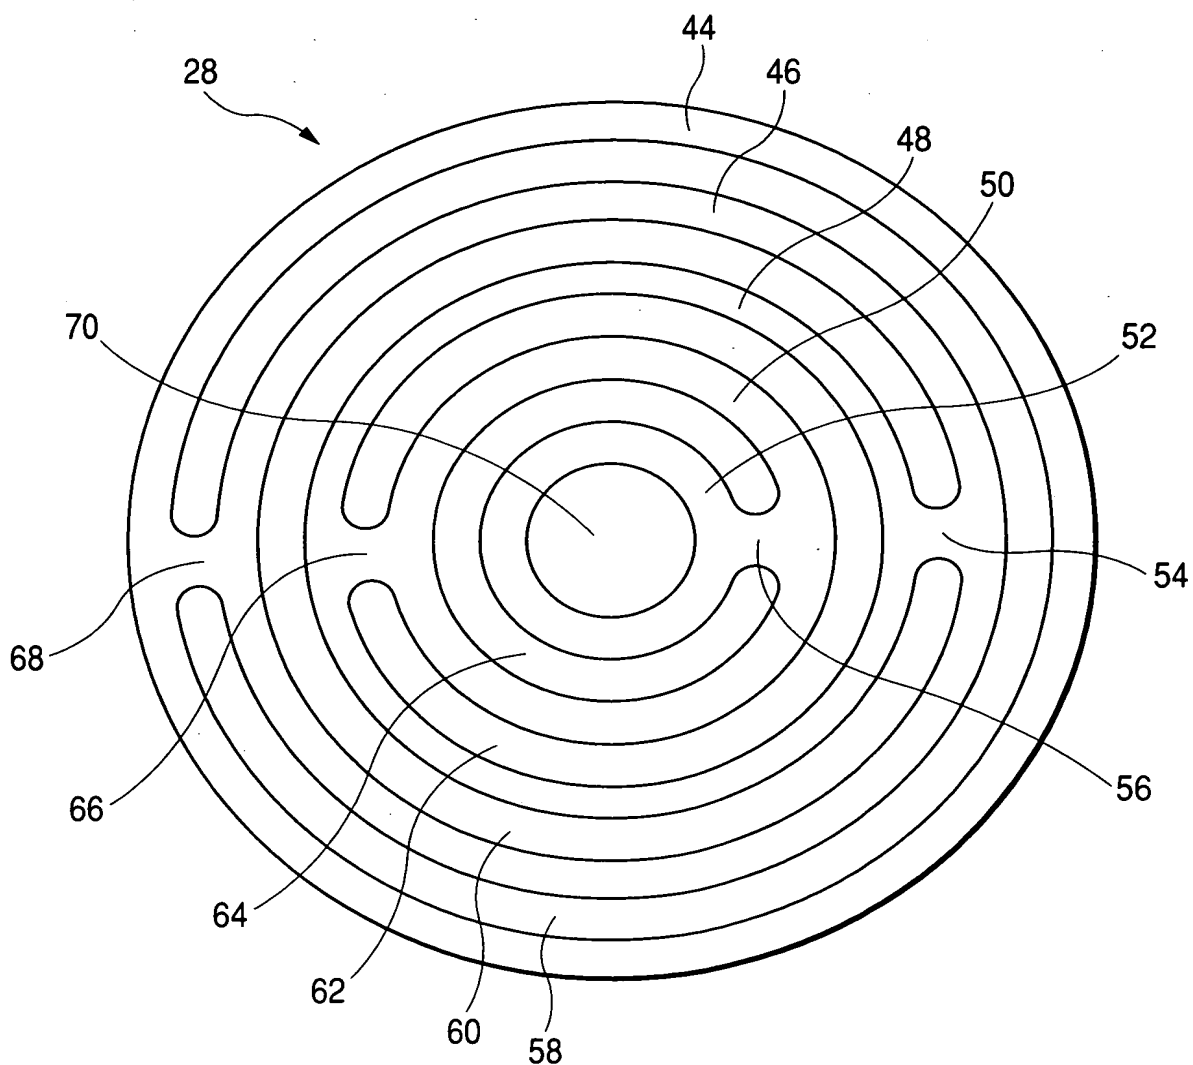

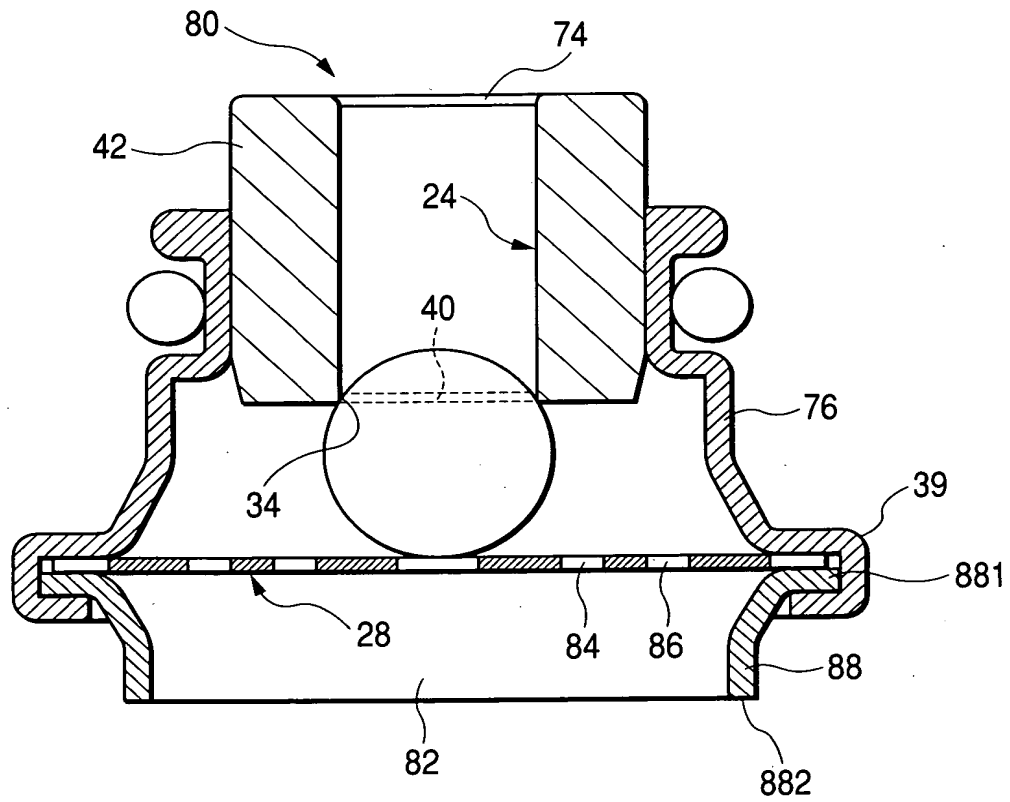

Diagram illustrating a device with multiple straps or bands. The device consists of a main horizontal band (44) and several diagonal bands (46, 48, 50, 52) that intersect it. The diagonal bands are arranged in a series of overlapping, parallel segments, creating a zigzag pattern. The labels 44, 46, 48, 50, and 52 point to the respective bands.

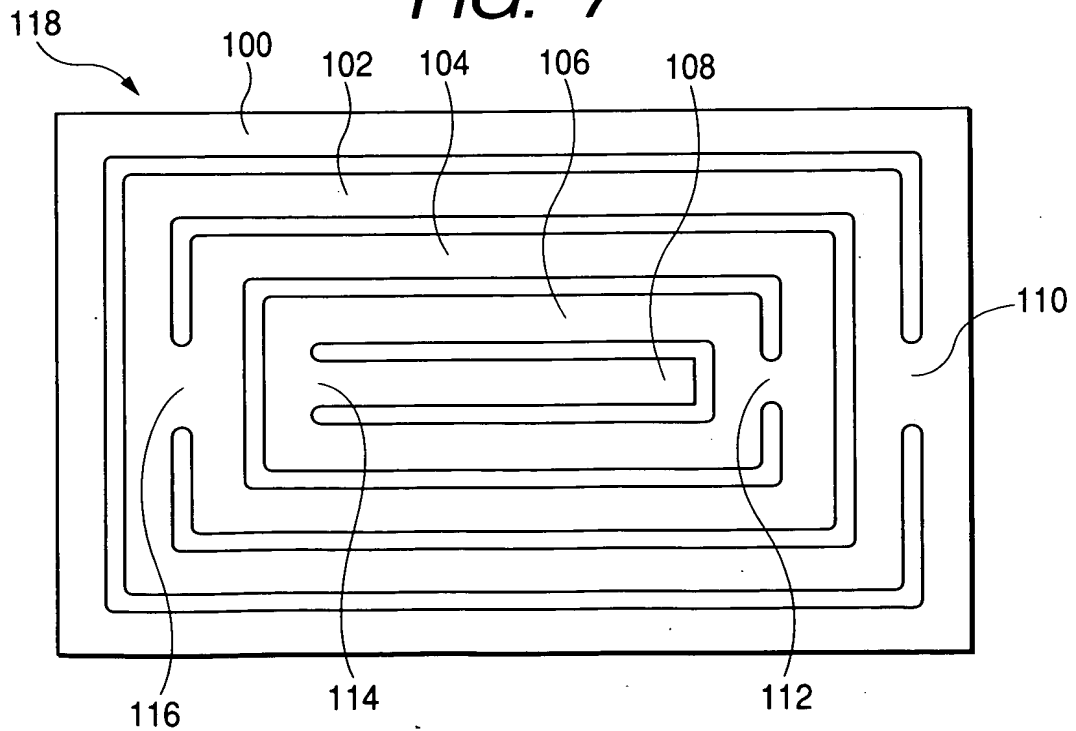

This diagram shows a cross-sectional view of a mechanical assembly. A central shaft (24) is supported by a base (34). The shaft has a central section (40) and is surrounded by a sleeve (42). The base (34) is a thick, rectangular block with a central opening (32) for the shaft. The base is supported by a series of vertical ribs (36, 58, 60, 62, 64) and a horizontal base plate (39). The base plate has a series of vertical ribs (78, 50, 48, 46, 44) and a central opening (28). The base plate is supported by a series of vertical ribs (76, 72, 74) and a horizontal base plate (39).
